MEMORANDUM FOR THE DIRECTOR

SUBJECT: SE-16: The Strength and Capabilities of  
Soviet Bloc Forces to Conduct Military  
Operations Against NATO

In connection with SE-16 and the further work  
of negotiating an agreed text through the Standing  
Group Intelligence Staff, I think you ought to  
know that the major work on the economic parts  
of these papers was done by Dr. Millikan and by  
 of the O/RR staff. I think  
these men did a superb job, and I know you will  
realize how deeply the assistance of O/RR on this  
and other occasions is appreciated by this Office.

WILLIAM L. LANGER  
Assistant Director  
National Estimates
